PRIYA BONDE

Amravati, Maharashtra · +91-9657185931 · bondepriya520@email.com
LinkedIn · **GitHub** · **Portfolio**

PROFILE SUMMARY

- **Computer Science undergraduate** specializing in **Artificial Intelligence & Data Science (AI & DS)**, passionate about developing scalable machine learning models and data-driven AI solutions.
- Practical experience in designing end-to-end AI pipelines using **Python, PyTorch, Scikit-Learn, OpenCV,** and **Pandas** for predictive analytics and computer vision applications.
- Strong command over data preprocessing, exploratory data analysis (EDA), neural networks, and relational databases (**SQL**).
- Adaptable problem-solver with a focus on writing clean, optimized code to solve complex engineering challenges.

TECHNICAL SKILLS

- **Languages:** Python, SQL, C++, R
- **AI/ML & Frameworks:** PyTorch, TensorFlow, Scikit-Learn, OpenCV, Pandas, NumPy, SciPy
- **Data Visualization:** Matplotlib, Seaborn, Tableau, Power BI
- **Developer Tools & Platforms:** GitHub, Git, VS Code, Jupyter Notebooks, Google Colab, MySQL

PROJECTS

AI-Powered Real-Time Object Detection System | *Python, OpenCV, PyTorch, Streamlit* *Mar 2026 – Apr 2026*

- Built a real-time computer vision system using **OpenCV** and fine-tuned deep learning models to detect and track objects in live video streams.
- Optimized inference speed and frame processing rate by 25% through efficient bounding-box filtering and tensor acceleration.
- Deployed an intuitive user dashboard using **Streamlit** for live monitoring and interactive parameter adjustments.

Customer Churn Prediction & Analytics Model | *Python, Scikit-Learn, Pandas, Seaborn* *May 2026 – Jul 2026*

- Engineered a predictive machine learning model to classify target customer churn patterns with 91% classification accuracy.
- Executed comprehensive **Exploratory Data Analysis (EDA)** and feature engineering using **Pandas** and **Seaborn** to highlight key risk factors.

Automated Resume Parser & Skill Extractor | *Python, NLTK, Spacy, Scikit-Learn* *Feb 2026 – Mar 2026*

- Developed a Natural Language Processing (NLP) application to parse PDF resumes, extract technical skill tags, and calculate applicant match scores.
- Applied custom named entity recognition (NER) techniques to accurately parse unstructured resume content.

EDUCATION

P. R. Pote Patil College of Engineering and Management Amravati, Maharashtra
Bachelor of Technology – Artificial Intelligence & Data Science (AI & DS) 2024 – 2028
R. R. Lahoti Science College Morshi, Maharashtra
Higher Secondary Certificate (12th Grade) 2024

CERTIFICATIONS

- **Machine Learning Specialization** – DeepLearning.AI / Coursera
- **Data Science & Artificial Intelligence Certification** – IBM / NPTEL
- **Career Essentials in Generative AI** – Microsoft
- **Python for Data Science and AI Development** – IBM
